PRODUCT DESCRIPTION

The **Partex Colour Coded Number Markers** are designed to make cable identification fast and intuitive. Suitable for **cables from 0.75sq to 4sq**, these markers feature a colour coding system with bold numbers for instant recognition, improving efficiency during installation, maintenance, and troubleshooting.

Supplied in **packs of 200**, they are ideal for electricians, contractors, and panel builders who require professional-grade, long-lasting markers. Manufactured to Partex's trusted standards, the markers are durable, resistant to fading, and ensure legible identification even in demanding environments.
