Product description

Advantech's industrial Ethernet solutions provide an abundance of product options including managed and unmanaged switches, PoE switches, EN50155- and IEC61850-3-certified switches, Ethernet converters (Ethernet adapters), VDSL extenders, and SFP modules. Our switches are built for high security and durability and are suitable for use in mission-critical environments. Additionally, with multiple industrial certifications, our industrial Ethernet solutions not only provide the highest network reliability for Ethernet hubs and network switches to meet current industrial communication standards, but they are also energy-efficient, durable, and robust.
