COV25G
Panel Trunking Lid Grey 25mm(W) 2mt(B007

- Halogen-free safety
- Snap-on easy fit
- Fire-resistant build
- RoHS compliant
- Durable PVC design

PRODUCT DESCRIPTION

The IBOCO COV-ZH 25S G is a high-performance, halogen-free snap-on cover specifically designed to complement IBOCO's T1-ZH wiring duct range. Engineered for use in environments where safety, reliability, and clean cable organization are critical, this cover is ideal for industrial, commercial, and public infrastructure applications.

Manufactured in a low-smoke, zero-halogen (LSZH) grey PVC material, it significantly reduces the emission of toxic and corrosive gases in the event of a fire, making it suitable for installations in sensitive areas such as data centers, transportation systems, public buildings, and healthcare facilities. The cover's snap-on design allows for quick and effortless installation while ensuring a secure fit that holds firmly in place, even under vibration or regular maintenance.

Its robust construction ensures long-lasting durability and resistance to wear, while its precise dimensions guarantee a perfect match with the T1-ZH duct, ensuring tidy cable coverage and a sleek, professional appearance. Whether you're upgrading an existing system or installing a new one, the COV-ZH 25S G cover is the reliable choice for modern cable management.
