AQ SERIES ELECTRIC ACTUATOR

Quarter Turn

AQ
AQ quarter turn electric actuator - Part numbers coming soon, contact us for more information

- IP68 / NEMA 4X
- 15Nm to 500Nm
- Working temperature -20°C to +60°C
- Compact, weatherproof and heavy duty

PRODUCT DESCRIPTION

The new Bernard Controls AQ range of quarter turn electric actuators are affordable, compact, weatherproof and heavy duty.
Available as Switch, LOGIC or LOGIC Positioner (Local Controls) in torque outputs from 15Nm to 500Nm (direct), multi-voltages and multi-frequencies.
Bluetooth as standard with LOGIC control. Easy to use, easy to set-up.
Potential applications include:

- HVAC,
- Water,
- Industrial,
- Chemical production,
- Process Manufacturing,
- Brewing,
- Food and Beverage

The AQ range of electric actuators are affordable, have a super compact design and are weatherproof to IP68 / NEMA 4X as standard.
All AQ actuators are heavy duty and supplied with a corrosive industrial polyurethane paint finish to ISO standards.
Easy to use, easy to set-up, easy commissioning for all versions. The LOGIC Positioner version is equipped with a large rotatable LCD display; this Intelligent Integrated Control System enables non-intrusive user-friendly actuator setting and is compatible with most common fieldbus protocols.
Bluetooth communication comes as a standard feature with the LOGIC Positioner control version.

Please refer to the datasheet under 'downloads' for part numbers and/or technical data, we are working on getting all part numbers and technical data on the website as soon as possible.
