

CAMERA KITS FOR TRACTORS WITH TRAILERS

REVERSING-TT

Reversing camera system for tractor-trailer

- Analog PAL/NTSC
- Digital HD
- Camera kits for front, rear and reversing/trailer

PRODUCT DESCRIPTION

The design of a tractor with trailer can often cause significant limitation to the field of vision at the rear, but also directly in front of the tractor. Orlaco supply camera kits to cover these limitations in field of vision, as well as covering the trailer.
