

## TECNOPLASTIC - TECHNO CONNECTOR

ACCCONTEC0001

- Replacement for heat shrink or insulating tape
- IP68 Protection grade
- Suitable for 7mm to 12mm cable
- Up to 125°C

### Product description

This innovative product from Tecnoplastic is a great way to make a safe connection between two cables, taking over from heat shrink tube or insulating tape. They offer two types, a 3 and 4 pole.

For the 3 pole version the screw can pierce the cable sheath with no need of stripping it down.

### Specifications
