- Maximum depth of 200mm
- Single or double function
- Up to 50°C
- Ideal for narrow spaces

Product description

The Mouse B from Tecno plastic is a popular style of level switch for narrow spaces, where regular floats don't have enough moving area. The user can adjust the floats up and down the stem to their preferred minimum or maximum. Suitable for control in clean water, sewage water, industrial water systems and in systems with water in chemical substances.
