- Maximum depth of 10m
- Single or double function
- Up to 50°C
- Ideal for narrow spaces

### Product description

The Mouse 10000 B from Tecno plastic is a popular style of level switch for narrow spaces, where regular floats don't have enough moving area. The user can adjust the floats up and down the stem to their preferred minimum or maximum. Suitable for control in clean water, sewage water, industrial water systems and in systems with water in chemical substances.
