

SCHNEIDER ELECTRIC PRESSURE SWITCHES

XMLA300D2S11

Press Switch:20 To 300 Bar Wit

- Detection of single pressure threshold in hydraulic oils up to 160°C.
- Fixed directly on tubage
- Zinc alloy enclosure for robust performance.
- 6 million cycles mechanical durability for minimum required maintenance on your pressurized fluid circuits.
- It complies with CCC, EN/IEC 60947-5-1, CSA C22.2 No.14, LROS, UL 508, EAC, BV.
