

ACTI 9 RCDS

A9R21225

RCCB ACTI9 IID 2P 25A 30MA A-TYPE

- Schneider quality assured
- Protects against shock risk
- Fast fault disconnection
- High reliability & safety

Product description

The **Schneider Electric Acti 9 RCD (Residual Current Device)** provides reliable protection against electric shocks and fire hazards caused by earth leakage faults. Designed for residential, commercial, and industrial applications, Acti 9 RCDs ensure high safety standards, quick fault detection, and easy installation on DIN rail systems.
