

FIBOX PROTECTION AND INSPECTION WINDOWS

L4411

Inspection Window 377x331

- IP66 & IK09 rated for tough industrial protection
- Clear, durable polycarbonate for easy visibility
- Secure DB3 quarter-turn locks for safe access
- Operates in extreme temperatures (-40°C to +120°C)
- UV and flame resistant for long-lasting durability

Product description

Fibox Windows/HMI Protection – Secure & Accessible Interface Solutions

Fibox's Windows/HMI Protection series offers robust, transparent polycarbonate windows designed to safeguard Human-Machine Interfaces (HMIs) and control panels. These windows provide high ingress protection (IP66) and impact resistance (IK09), ensuring durability in harsh industrial environments. With sizes ranging from 340 x 300 x 90 mm to 450 x 400 x 90 mm, they are compatible with various enclosures, allowing personnel to view and operate delicate components securely.
