TA241911S

Enclosure Abs Ip65 240*191*107

- Durable ABS construction – Strong, lightweight, and impact resistant
- Easy installation – Quick-fit cover and accessories for time savings
- Customisable – Simple machining for cable glands and fittings

PRODUCT DESCRIPTION

The **Fibox Tempo series** offers high-quality ABS junction boxes designed for reliable protection of electrical and electronic components. Lightweight yet durable, these enclosures provide excellent impact resistance and are easy to machine for cable entries, terminals, and fittings.

Tempo ABS boxes are designed for quick installation, making them a preferred choice for contractors, panel builders, and OEMs. Their modern design ensures functionality without compromising aesthetics, making them suitable for both industrial and commercial environments.
