ST SERIES ELECTRIC ACTUATOR

Multi Turn

ST
ST electric actuator - Part numbers coming soon, contact us for more information

- IP68
- 60Nm to 20,000Nm
- Working temperature -20°C to +70°C
- Available as modulating/positioning actuator

PRODUCT DESCRIPTION

The ST range of multi turn IP68 electric actuators from Bernard Controls provides direct multi turn torques from 60Nm to 20,000Nm. Features include asynchronous motor with high starting spring loaded torque, on / off operation: 30% duty rating, Modulating class 3: 50% duty rating. The watertight IP68 and NEMA housing can withstand a submersion of 5 Metres for 72+ hours. Integrated Intelli controls available.

Please refer to the datasheet under 'downloads' for part numbers and/or technical data, we are working on getting all part numbers and technical data on the website as soon as possible.
