Terminal Link Bar AQI60/8/11 60 way,Fuse Term

- Insulated for protection
- Reliable & secure fixing

### Product description

External cross connection links makes it possible to connect potentials of terminals where there is no option of a central cross connection channel. These links are quicker, easier and a more reliable way of linking than using wire links with ferrules. When using the external, the rated cross section of wire is reduced to the next smallest size.
