

END PLATES FOR ZST TERMINALS

ZAPSK, ZAPST, ZAPS

3680.2

ZAPS 2.5/1A/1S Beige, End plate for ZRKS 2.5/1A/1S

- for ZSTK, ZST, ZRKS and ZSLS Terminals

Product description

End plates are usually inserted at the end of a rail of terminals or when a smaller terminal is used next to a larger one.

This ensures contact protection and the safety of fingers.

The outer dimensions of the end plates correspond to the dimensions of the terminal blocks.

Coloured end plates are often used to mark different power circuits or a change in voltage.

The use of end plates lengthens the airways and leakage paths, which in turn influences the rated voltage.

Specifications

Color	Beige
Country of origin	DE
Flamklass	UL94-V0
Height	31
Length	53.9
Operating temperature from	-40
Operating temperature to	120
Pack Size	50
Tariff code	85369010
Weight	2
Width	1.5
