

ASCO 272 SERIES DIRECT OPERATED

2/2

SCE272A032
Solenoid valve. Stainless Steel 2/2 NC 1/4"

- Normally closed/open
- Large flow
- Working pressure 0 bar to 40 bar
- Housing in brass or stainless

Product description

Differential pressure	0-20 bar
Max. permitted pressure	20 bar
Max. viscosity	40 cSt (mm²/s)
Response time	8-20 ms (air P=6 bar)
Media	Air, gas, water and oil
Media temperature	-25 °C to +80 °C NBR (nitrile)
IP-class	IP65
Standard voltages	DC (≐) 24 V AC (∼) 24 V-115 V-230 V/50 Hz
Connection	DIN 43650/A

Design	
Valve body	Brass and stainless 316L
Core	Stainless
Spring	Stainless
Seat	Brass and stainless
Seals	NBR (standard)
Shading ring	Copper
Coil	Epoxy

Special seals	FPM, EPDM
----------------------	-----------

NO

Dimensions

Coil	A	B	C	D	Weight (kg)
JMX	70	55	30	75	0.37
CMXX-FT	85	64	45	84	0.54
