

MAGNATROL TYPE G NORMALLY CLOSED SOLENOID VALVE

TYPE-G

Part numbers coming soon, contact us for more information

- Full Port Normally Closed Valve ½" to 3" NPT
- Maximum static pressure 150PSI
- Valve operates from zero pressure.
- Valve Body – Cast Bronze, Globe Pattern – NPT ends

Product description

The type G is a normally closed solenoid valve for controlling the flow of water, air, gas, solvents, vacuum and many other fluids. Buna N seating of the pilot and main orifices make the valves ideal for TIGHT SEATING, LOW PRESSURE and LOW FLOW conditions. Valve operates from zero pressure.
