### Product description

The XCL-CG510 (black & white) and XCL-CG510C (colour) are the latest industrial cameras from Sony to incorporate Sony Pregius GSCMOS sensor technology.

The XCL-CG510/C combines the best of Sony technology in a convenient cubic form factor which is optimised for use within both the Industrial Vision and non-manufacturing vision markets.

The XCL-CG series is designed as a replacement option to the highly regarded XCL-C conventional CCD product range, bringing with it the transformational benefits of Sony GSCMOS Pregius technology.

Drawing upon Sony's market leading Global Shutter CMOS sensor technology the XCL-CG510/C combines the highly innovative, high speed IMX264 5.1MP GSCMOS sensor with Sony's rich heritage of complete camera technology and a Camera Link interface, bringing the best combination of performance and quality from a brand you can trust.
