PRODUCT DESCRIPTION

The **Partex Black on Yellow Numbers & Letters** provide a simple and effective solution for identifying cables in larger installations. Designed for **cables sized 2.5sq to 16sq**, these markers feature bold black characters on a bright yellow background, ensuring excellent readability in all environments. Supplied on a **roll of 250**, they are easy to dispense, making them a practical choice for high-volume projects where speed and organisation are essential. Built to Partex's trusted standards, the markers are resistant to wear and provide long-lasting identification.
