PRODUCT DESCRIPTION

Brady **Push-On Letters & Symbols (0.5sq–1.5sq)** provide a clear and professional way to identify cables and wires. With an easy **push-on fitting system**, they slide securely onto conductors without the need for adhesives or additional tools. Perfect for low to medium-size cables, these markers are widely used across electrical, industrial, and commercial environments. Each pack contains **200 pieces** with a selection of **letters and common symbols** for versatile identification needs.
