# CABLE TIES

DCT100X2.5B
Cable Tie 100mm x 2.5mm Black (3.202)

- UV resistant
- Resistant to high & low temperatures
- Resistant to acids
- Self-extinguishing
- Phosphorescent

PRODUCT DESCRIPTION

Nyloc cable ties are made of self-extinguishing polyamide 6.6 (UL94:V2). They consist of a body with an internal rack without rails and a round head with a tightening tooth. Compared to Selfit standard cable ties of the same width, they provide greater tensile strength, greater flexibility and greater resistance to low temperatures. Nyloc manufacturing techniques provide raw material savings of up to 30%.
