VENTGUARD PLUS INTEGRAL FAN CURRENT MONITOR

VENTGUARD
Ventguard Plus integral fan current monitor - Part numbers coming soon, contact us for more information

- Clear LED indication
- Time delays to avoid nuisance tripping
- IP65 rated
- Gas Solenoid switched mains

PRODUCT DESCRIPTION

The VentGuard is a cost effective BS6173:2009 and IGEM/UP/19 compliant ventilation interlock, with built in fan current monitors for the intake and extract fans. The clear LED indication and simple user interface make it ideal for any commercial kitchen.

With dedicated interfaces and LEDs for the intake and extract fans, the VentGuard will provide an indication of any ventilation issues however will not shut down the gas supply until the ventilation has not been operating for a full 30 seconds to avoid any nuisance tripping.

Key features:

- Clear LCD indication
- Integral 2 channel fan current monitor
- Interfaces for: Intake fan; Extract fan; CO2 Sensors; Remote Emergency Stop Buttons
- Mains rated status relay for external monitoring
- Time delays to avoid nuisance tripping
- 5 year warranty
- UK manufactured

Please refer to the datasheet under 'downloads' for part numbers and/or technical data, we are working on getting all part numbers and technical data on the website as soon as possible.
