GASGUARD GAS PROVING SYSTEM

GASGUARD
GasGuard gas proving system - Part numbers coming soon, contact us for more information

- Clear LCD indication & instructions
- System status button to aid with fault finding
- IP65 rated
- High accuracy pressure transmitter

PRODUCT DESCRIPTION

The Flamefast GasGuard gas proving and interlock system is designed to meet the requirements of IGEM/UP/11 Edition 2 for educational establishments and is a BS6173:2009 and IGEM/UP/19 compliant ventilation interlock.

GuardGuard is ideal for when appliances are not fitted with flame failure devices, or can be used to provide additional peace of mind when they are.

With a backlit LCD, the GasGuard will provide a clear indication of any issues with external devices such as ventilation systems, and will provide details of gas pressures and Gas Sensor levels.

Key features:

- Clear LCD indication and instructions
- No commissioning required
- Annual service reminder
- 24VDC auxillary power output
- Interfaces for: Gas Sensors; CO2 Sensors; Ventilation Systems; Remote Emergency Stop Buttons
- System status button to aid with fault finding
- High accuracy Pressure Transmitter
- Built in time delay to avoid nuisance tripping
- 5 year warranty
- UK manufactured

Please refer to the datasheet under 'downloads' for part numbers and/or technical data, we are working on getting all part numbers and technical data on the website as soon as possible.
