C-MOUNT 2/3" JCM SERIES

LM5JCM
2/3", FL: 5mm, C-Mount, 4.5µm

- Mega pixel resolution
- For 2/3" image sensors
- Compact design

PRODUCT DESCRIPTION

The 2/3" megapixel JCM lens series provides extremely high megapixel resolution and utilizes Kowa's floating mechanism design. With a close minimum object distance, low distortion, and compact design, these lenses are ideal for machine vision applications.
