

SIGNAL TOWER MODUL SIGNAL 50 MM

Module SIGNAL50 series

790540900

VMV Base for vertical mounting

- Modular
- IP65 rated
- Temperature range -25 °C...+50 °C

Product description

The modules are easy to assemble and maintain. A broken light bulb can be changed without having to disassemble the whole tower. The base and the modules are protected so all maintenance procedures can be done even with power switched on. The base includes a 6 pole connector numbered from 0 to 5.
