SIGNAL TOWER MODULSIGNAL 50 MM

ModuleSIGNAL50 series

790540900 VMV Base for vertical mounting

- Modular
- IP65 rated
- Temperature range -25 °C...+50 °C

Product description

The modules are easy to assemble and maintain. A broken light bulb can be changesd without having to disassemble the whole tower. The base and the modules are protected so all maintanance procedures can be done even with power switched on. The base includes a 6 pole connector numbered from 0 to 5.
