

SIGNAL TOWER MODUL SIGNAL 70 MM

Module SIGNAL70 series

247500313

Beacon Buzzer 230v AC SDE

- Modular
- IP65 rated
- Temperature range -25 °C...+70 °C

Product description

The modules are easy to assemble and maintain. A broken light bulb can be changed without having to disassemble the whole tower. The modules and the base are protected so all maintenance procedures can be done even with the power switched on. The base includes a 6 pole connector numbered from 0 to 5.
