

Klauke

BASKET AND BOLT CUTTERS

EBS12ML

12mm Battery Powered Bolt Cutter

- Handles bolts, rebar, and basket rods with ease
- Long-lasting durability under heavy use
- Comfortable handling for extended operations
- Secure, controlled cutting reduces operator effort

PRODUCT DESCRIPTION

Klauke battery powered basket and bolt cutters provide powerful, cordless cutting for steel rods, bolts, rebar, and other hardened materials. Designed for professional electricians, contractors, and industrial technicians, these cutters deliver hydraulic-grade performance in a portable, battery-operated design.

With precision-engineered hardened steel jaws, long-lasting rechargeable batteries, and ergonomic handling, Klauke's cordless cutters are built to tackle tough jobs quickly and safely. Ideal for construction, maintenance, and utility applications where strength and mobility are essential.
