DOUBLE BUTTERFLY VALVE LEAKAGE - MIXPROOF

DBV
Double butterfly valve - Part numbers coming soon, contact us for more information

- sizes 1" to 6"
- Manual or air actuated
- Leakage chamber with flushing connections
- Securely sealed lifter to prevent contamination

PRODUCT DESCRIPTION

These double butterfly valves are leakage / mixproof valves that are made in high quality stainless steel to hygienic standards in Germany and are available in sizes 1" to 6".

Features include:

- Mixproof function
- Safe method of separating incompatible media in CIP (cleaning in place) or tanks
- Leakage indication
- Leakage chamber with flushing connections
- Manual or air actuated
- Securely sealed lifter to prevent contamination
- Reduced maintenance due to integrated leakage system
- Minimized mechanical wear due to design features

Please refer to the datasheet under 'downloads' for part numbers and/or technical data, we are working on getting all part numbers and technical data on the website as soon as possible.
