## **HONSBERG - VHZ SERIES FLOW METER**

## Gear Wheel

VHZ-025GA150MB Flow sensor 25-G1,3.00-150l/min,DIN

- For liquids up to 200 bar
- Flows ranges 0.02 to 150 l/min. 1-2500 cSt
- Connection 1/4" to 1"
- Wetted parts in Anodised Aluminium & Stainless Steel

## Product description

Model VHZ is a flow sensor in Anodised Aluminium for viscous media. It is highly suitable in all hydraulic applications where the oil is extremely thick or the temperature changes
