

## FAST ACTING CLASS CC FUSES KTK-R

KTK-R-1-10

CLASS CC FAST ACTING FUSE 0.1A

- Fast-acting fuse protection
- 600Vac rated
- 200kA interrupting rating
- Rapid fault clearing capability
- Excellent current limitation

### PRODUCT DESCRIPTION

Eaton Bussmann KTK-R Fast Acting Class CC Fuses provide rapid protection against overloads and short circuits in non-inductive electrical circuits. Designed for applications requiring immediate fault clearing, they are commonly used in lighting circuits, metering equipment, control panels, and sensitive electronic systems.

- Suitable for lighting and control circuits
- Protects sensitive equipment
- Available from 0.1A to 30A
