PRODUCT DESCRIPTION

Adaptable, extremely versatile, and completely reliable are characteristics of ASO's SENTIR safety bumper. They are used as a guarantee of safety in, for example, transport vehicles and trucks, production lines, mobile systems and gates. In fact, when flexibility of safety equipment is required, the safety bumper is a good option.
Customising the bumper as needed is completely possible and there is a large selection in terms of shape, color and size. Contact us and we'll help find a bumper for you!
