STEGOJET SPOT COOLING FAN

SJ 019

GSV2501220
Fan 250x250mm 230V 270m3/h IP54

- Prevents hot spots
- Directional outlet
- Wide voltage range
- Compact design
- DIN rail or screw mounting

PRODUCT DESCRIPTION

Its design offers a maximum rotation range with an air output in almost any direction. On one hand the dual clip system (two clips in a 90° angle) allows four different positions on a DIN rail, while on the other hand the hinge in the housing can be moved in a 40° angle. The airflow at the air outlet can also be directed in a 45° angle and the air duct can be rotated in steps of 60°.
